0 of 0 review helpful Five Stars By AlejandroGP Excellent book 0 of 0 review helpful I think I now have a good

foundation to go from here By andy lash I just finished the book and I regret I didn t find it sooner It was the fourth book on swift I purchased I have been a dyslexic programmer for many years and usually shied away from reading but I found swift way too s The professional programmer rsquo s Deitel reg guide to Apple rsquo s new Swift programming language for the iOS reg and OS X reg platforms iquest Written for programmers with a background in object oriented programming in a C based language like Objective C Java C or C this book applies the Deitel signature live code approach with scores of c ldquo Apple took everyone by surprise when they announced a new programming language for developing Mac and iOS applications Taking lessons from Objective C and many other languages Apple built a new language from the ground up There
