By Adam Nathan : 101 Windows Phone 7 Apps, Volume I: Developing Apps 1-50 learn software creative and business skills to achieve your personal and professional goals join today to get access to thousands of courses the podcast craze of the past several years shows no signs of slowing down and while every armchair broadcaster with a voice recorder app is eager to get in the game 101 Windows Phone 7 Apps, Volume I: Developing Apps 1-50:

4 of 4 review helpful Adam Nathan figured it all out so I don t have to By Maria B This book is a masterpiece It teaches by example it is much better than the usual cookbook style technical reference because it contains real world fully functional apps rather than just code snippets The variety of the apps is impressive And according to the book and the comments in the code which you can download you are licensed t Full Color nbsp INCLUDES COMPLETE CODE AND ASSETS FOR EACH APP IN THIS VOLUME nbsp Got a great idea for an app There rsquo s a chapter

for that nbsp Calling all developers Windows Phone 7 is starting to gain traction and the opportunity is yours to sell the next About the Author Adam Nathan is a principal software development engineer for Microsoft a best selling technical author and arguably the most prolific developer for Windows Phone Adam previously cofounded Popfly Microsoft rsquo
