By Lars Dragheim Olsen, Michael Fruergaard Pontoppidan, Hans Jorgen Skovgaard, Tomasz Kaminski, Deepak Kumar, Satish Thomas : Inside Microsoft Dynamics® AX 2009 (Developer Reference) microsoft press books ebooks and online resources are designed to help advance your skills with microsoft office windows visual studio net and other microsoft blog about microsoft dynamics ax technical subjects and related technologies Inside Microsoft Dynamics® AX 2009 (Developer Reference):

7 of 7 review helpful Informative and explanatory By Ashish Mahajan This book is good for understanding AX 2009 if you are first timer It is a good reference in my library for AX 2009 Also the fact is that this is the only technical

book on AX 2009 available apart from 2 functional ones supply chain and manufacturing The first chapter architectural overview is not very well written Apart from that book is pretty g Dig into the architecture and internals of Microsoft Dynamics AX mdash with firsthand insights from the team who designed and developed it Deepen your knowledge of the underlying frameworks components and tools mdash and get best practice guidance to customize and extend your own high performance solutions Discover how to Work with MorphX application modeling tools and X code Exploit built in workflow infrastructure to simplify p About the Author Michael Fruergaard Pontoppidan joined Damgaard Data in 1996 as a software design engineer on the MorphX team delivering the developer experience for the first release of Microsoft Dynamics AX after graduating from DTU Technical Universit
