By Shaumik Daityari : Jump Start Git: Take Control of Your Code and Assets blog tracking other technology blogs youre in total control of the ultimate listening experience play thousands of songs and albums on demand; jump to the favorite parts of songs Jump Start Git: Take Control of Your Code and Assets:

Get a Jump Start on version control with Git today Most engineers we meet prefer Git over other distributed version control systems These systems let you store different versions of project files and directories so you can roll back to an earlier one if something goes wrong And since they re distributed they smooth the path for dev team collaboration But

what is it about Git that makes it mission critical on so many web projects
