Real-Life BPMN: Using BPMN 2.0 to Analyze, Improve, and Automate Processes in Your Company:

10 of 10 review helpful Great book useless for Kindle for PC app By Greg As a beginner in BPMN principles I found this book VERY helpful BUT NOT for Kindle PC app the diagram images are practically UNREADABLE Zoom feature is not supported you will have to be in a distance closer than 5 cms in order to get an idea of what the diagram is about That s the only reason I did not rate with 5 stars 8 of 8 revs There is an improved new edition of this book available hence this first edition is no longer available for sale This book is about Business Process Management BPM and Business Process Model and Notation BPMN 2 0 Truth be told there are several BPMN books on the market Some of them are quite good so why should you care about this one This book distills the experience the authors accumulated while running camunda a consulting company that spec
