We're surrounded with a myriad of communication tools: email, Skype, Twitter, Facebook, and Snapchat to name a few. Slack is a newer communication tool borrowing IRC concepts and transcending them with an intuitive interface that allows countless customizations and integrations — from other communication tools to bots, Kayak, Google, Hacker News, and more. Slack glues together all of your favorite applications, and if there isn't something already available, About the Author: Troy Mott has over twenty years of experience in technical publishing, working in most every facet of the industry. He currently helps lead Bleeding Edge Press (<https://bleedingedgepress.com>) as an imprint of Backstop Media (<http://backstopm.com>).
