By HobbyPRESS : Multimedia Fusion MMF 2 Game Creation Practical Tips & Techniques 2013: Covering Windows and iOS game creation Multimedia Fusion MMF 2 Game Creation Practical Tips & Techniques 2013: Covering Windows and iOS game creation:

0 of 0 review helpful Worthless By Robert S D Worthless book There is absolutely nothing of value in this book as compared to just going to the clickteam com website and reading a few things in the help section or just opening the help file in the program itself There is no lessons but only brief overviews of a few functions I made the mistake of

buying the other books in the series as well due to Both Klik Play and Click Create had revolutionized the world of Windows game creation by providing easy drag and drop kind of interface for producing complex game logic all without writing codes and scripts Multimedia Fusion 2 MMF2 is the latest generation of the Click series game creation platform The goal of this book is to provide starters with rich technical information so the best decision and judgment can be exercised when creating games through MMF2 T About the Author HOBBYPRESS is the premier information source for computer game creation technologies and techniques It has the goal of putting all different kinds of game creation skills on the global map by publishing books that bring to light the knowledge o
