By Joachim Rossberg, Mathias Olausson : Pro Application Lifecycle Management with Visual Studio 2012 (Expert's Voice in .NET) read about the students reviews from all over the world trained by 1 offshore training company koenig solutions the sap community is the quickest way for users to solve problems learn more about sap solutions and invent new ways to get things done Pro Application Lifecycle Management with Visual Studio 2012 (Expert's Voice in .NET):

3 of 3 review helpful Dreadful Expensive and massive tome delivers very little By Anthony Corman The first third is a

rehash of development methodologies totally unneeded The prose needs editing by a native English speaker it s stiff and typos abound There a profound lack of context screen shots of dialogs with no guidance about how to locate them No procedures numbered steps We need a book on this topic one th You can have the best coders in the world working in your teams but if your project management isn rsquo t up to scratch your project is almost certain to be delayed to come in over budget and in some cases to fail entirely By taking precise control of your application development process you can make changes both large and small throughout your project rsquo s life cycle that will lead to better ndash quality finished products that are consistently delivered
