1 of 1 review helpful Podcast Solutions Real Advice for the Rest of Us By Mr Rob This is a really good book Loads of good info and hints from authors who actually work in the field and can attest to their advice in practice Not a lot of brain cramping either understandable and well constructed Subjects flow and build on one another in a logical and

coherent way Covers the gauntlet from terms to equipment to t A much needed work focusing on one of the e community rsquo s hottest topics this is the second edition of a book that covers both video and audio podcasts as well as updated software and resources This edition is much improved and updated to cover the latest gear that readers and podcasters want to learn about Critically the book also shows how to create video as well as audio podcasts It provides all the reader needs to know to get heard and now seen online r About the Author Michael W Geoghegan is a well known figure among podcasters and has been involved in podcasting since it earliest days Because he started early he has developed personal friendships with most of the key figures in podcasting Michael has spok
