By Mohsin Shafique Hijazee : Mastering Google App Engine at a for profit editorial outlet like lifehacker when we need an image for our posts we cant just do a google image search and slap up the first result we have it business edge bloggers keep you up to date on the current technology headlines and give you the insight needed to cut through the marketing buzz to the real Mastering Google App Engine:

1 of 3 review helpful Python only By Rinaldo Be warned fellow programmers This tome uses Python only PAKT s promotions department does not mention this serious limitation Note that Don Sanderson wrote his GAE books twice once for Java and once for Python PAKT should do the same 1 of 1 review helpful My experience with Google App Engine with Python is that it is a good book but moves pr Build robust and highly scalable web applications with Google App EngineAbout This BookGet an in depth look at how Google App Engine works under the hoodDesign

and model your application around Google's highly scalable distributed NoSQL datastore to unlock its full potential. A comprehensive guide to ensure your mastery of Google App Engine. Who This Book Is For If you have been developing web applications. About the Author Mohsin Shafique Hijazee Mohsin Shafique Hijazee started his programming adventure by teaching himself C and later C++ mostly with the Win 32 API and MFC. Later he worked with Visual Basic to develop an invoicing application for local distribu
