By Andrew J Wagner : Learning Swift - Second Edition e entertainment television llc a division of nbcuniversal with news shows photos and videos getting mean with mongo express angular and node second edition Learning Swift - Second Edition:

0 of 0 review helpful Excellent book By OKAY_GREAT The content in this book is much better than the Big Nerd Ranch in my opinion It has much more relevant and useful code examples Some of the code examples really opens up some ideas such as using Tuples within an array I do not recommend this book for an absolute beginner to Swift Although this book isn t updated using Swift 3 syntax it s still pretty relevant Key FeaturesWrite expressive understandable and maintainable Swift 2 code with this hands on tutorialUnveil the complex underpinnings of Swift to turn your app ideas into realityThis book is packed with real life examples to help you implement concepts as you

learnBook DescriptionSwift is Apple s new programming language and the future of iOS and OS X app development It is a high performance language that feels About the Author Andrew J Wagner Andrew J Wagner is a software developer who concentrates on iOS development and backend web services He has a degree in computer engineering from Rensselaer Polytechnic Institute New York Currently he works for a dev
