By Jaibeer Malik : Agile Project Management with GreenHopper 6 Blueprints Agile Project Management with GreenHopper 6 Blueprints:

0 of 1 review helpful Not a great read By Edward T Smith Pretty shallow Jira s and Greenhoppers view of Agile is lacking from my perspective The book shows some things but the actual product has a long ways to go to be fully agile Written by an Agile enthusiast this comprehensive guide to GreenHopper will help you track and manage your projects in a way that achieves the best value for your team Excellent reading for everybody from stakeholders to scrum masters Overview Manage multi project and multi team backlog items for agile projects Learn how to use GreenHopper rsquo s rich interface features to focus on the work at hand and increase productivity About the Author Jaibeer Malik Jaibeer Malik is an experienced programmer and Agile enthusiast with a passion for new technologies

clean code and Agile development He has been working in the IT industry for nearly 10 years now with extensive experie
