Hot Socks: a revolution in warmth; a 0.5mm titanium layer that is both comfortable and warm. Wear them under your normal dry suit and sailing boots for Sails.js Essentials:

1 of 1 review helpful A little better than the free content you find on the web but not much. By Rock in the Socks I am a web developer with almost exclusively PHP experience and bought this to give myself a crash course in Sails and Node.js. First let me say that the price of this book is pretty steep considering how short it is. To give you an idea of how short I bought the book last night at 11PM and finished it. Key Features: Gain expertise in building web apps with Sails.js. Develop apps such as real-time chat app and more in no time. Helps you understand how MVC framework works in Node.js and how to make it work for you. Book Description: Sails.js makes it easy to build custom enterprise-grade Node.js apps. It is designed to emulate the familiar MVC pattern of frameworks but with support for the requirements of
